

The Learning Source welcomes you to our Up With Education Impact Club, a monthly giving program designed to engage our supporters and safeguard future resources for over 2,000 adult learners and their families facing barriers to education in Colorado. Through monthly giving, you are ensuring adult learners are provided with the necessary resources and tools to pursue their academic needs free of barriers.

Donors enable parents to become better equipped to support their pre-school and school-aged children succeed in the classroom. Adults learn the English language, attain their High School Equivalency, and move on to postsecondary education and rewarding careers. Because of support from people just like you, opportunity has increased for our students and Denver Metro communities are growing stronger.

Become a member of the Up With Education Impact Club today! Even small amounts each month are significant. Learn how to join by reviewing our member benefits and frequently asked questions on the reverse side.

With education, comes opportunity. Join us in our quest for education justice for all people.
